Honeywell

In a short span of time, Abu Saeed Trading Co. L.L.C. has become synonymous with just about any component that has to do with air-conditioning and refrigeration. The company is in a prime business location in Dubai, was established in 1988 as a trading company and diversified into the field of air-conditioning and refrigeration.

We are one of the most reputed distributors and stockists of a wide range of component, spares and tools for the industry.

Our reputation is not without reason. We deal in only the best brands from world's well known companies who manufacture state-of-the-art products. As an acknowledgement to our commitment, we have a long list of satisfied clients including some of the most reputed firms in the U.A.E.

The differential pressure transmitter for air

The differential pressure transmitters of the 984M series are used to measure differential pressure, overpressure and vacuum.

They provide 2 pressure ranges and 2 output signals, which are selectable using a jumper.

Beck Diff Pressure Switches

THE ADJUSTABLE DIFFERENTIAL PRESSURE SWITCHES.

Differential pressure switch 930.8 x Climair®

with adjustable switching pressure

Adjustable differential pressure switch for monitoring overpressure, vacuum and differential pressure of air or other non-combustible, non-aggressive gases.

i bring joy

*I bring joy.
 The delight of unexpected luxury
 and rewards
 The happiness of a welcome break
 from humdrum routine
 Of finding extraordinary treasures
 in ordinary situations.
 Of sparkles that brighten
 dull moments.
 The satisfaction of a job well done.
 All this and more is what I bring,
 because I bring joy.*
